OPINION

Plaintiff filed this complaint alleging various state-law claims arising out of a January 2016 accident. This lawsuit is now before the court on the recommendation of the United States Magistrate Judge that the case be dismissed due to lack of subject-matter jurisdiction. There are no objections to the recommendation. After an independent and de novo review of the record, the court concludes that the magistrate judge's recommendation should be adopted.

An appropriate judgment will be entered.

DONE, this the 2nd day of November, 2017.
